Consent for Release of Information

The purpose of this form is to gain your signed consent for publishing certain information on the LEAD Scholars website and in any promotional materials published by the LEAD Scholars Office.

LEAD Scholars are required to attend a certain number of events and complete a certain number of service hours. The LEAD Scholars Program developed an involvement website to ensure that students have access to their attendance records for these events. The website is a convenience for LEAD Scholars that helps them maintain awareness about the requirements they need to meet.

Students may be photographed inadvertently when they participate in LEAD Scholar events and programs. As part of marketing tools and strategies, the LEAD Scholars program may publish these photographs of current and past LEAD Scholars in brochures, power point presentations, and on the website.

The website and promotional items **DO NOT** display Social Security numbers, grades, or physical addresses.

The website DOES reflect:

- The number of service hours completed
- LEAD Student's Association event attendance
- Leadership Week attendance
- UCF Event attendance
- LEAD Impact attendance

Please check the appropriate box and sign below the statement.

I give the LEAD Scholars Program permission to post information about my involvement on their website and to use photographs containing my likeness or image.
